FICTIONAL DEMO DOCUMENT - NOT A REAL CERTIFICATE (Tenderly demo data)

Annapurna Demo Nirman Sewa Pvt. Ltd. - Company Profile

Pokhara Metropolitan City-8, Kaski, Gandaki Province, Nepal. Registered 2071-11-28 BS (2015). PAN/VAT 999123456. Construction licence class C (DEMO-C-0421), renewed for FY 2083/84.

1. Who we are

Annapurna Demo Nirman Sewa is a construction company that builds rural and urban infrastructure for local governments in Gandaki Province. Since 2015 we have completed more than 25 contracts for rural municipalities, municipalities and community schools in Kaski, Tanahun, Syangja, Parbat and Lamjung districts. Our core work is rural road upgrading, drainage, culverts, slope protection and small public buildings. We bid through national competitive bidding and sealed quotation, and we partner with Machhapuchchhre Demo Builders in a joint venture for larger works.

2. Services

- Rural road construction and upgrading: earthwork, sub-base, gravelling, DBST blacktopping.
- Drainage: stone-masonry and RCC side drains, hume-pipe and slab culverts, causeways.
- Slope protection: gabion walls, stone-masonry retaining walls, bio-engineering after landslides.
- Small public buildings: ward offices, school blocks, health posts, with sanitation and water supply.
- Irrigation: canal lining and small intake structures.

3. Financial capacity

Annual turnover (audited): FY 2079/80 Rs. 4,20,00,000; FY 2080/81 Rs. 5,10,00,000; FY 2081/82 Rs. 5,80,00,000. Average annual turnover over the last three fiscal years is Rs. 5,03,33,333. The company holds a working-capital credit line of Rs. 1,50,00,000 with a commercial bank and can furnish bid and performance securities as bank guarantees.

4. Completed projects (selected)

FY (BS)	Project	Client	Contract value (NPR)
2081/82	Ward 3-5 rural road upgrading (4.1 km) with drains and culverts	Demo Rural Municipality, Syangja	1,85,40,000
2081/82	Two-storey ward office building (RCC frame, 310 sq m)	Demo Municipality, Tanahun	96,75,000
2080/81	Blacktopping (DBST) of 2.2 km urban road	Pokhara area ward office (demo)	1,42,10,000
2080/81	Gabion and stone-masonry retaining walls after monsoon landslides	Demo Rural Municipality, Parbat	48,60,000
2079/80	School block (4 classrooms) with toilets and water supply	Demo Secondary School, Lamjung	63,20,000
2079/80	Irrigation canal lining (1.6 km)	Demo Rural Municipality, Kaski	54,90,000

All six projects were completed on time. Completion certificates are available on request.

5. Key personnel

- Ram Demo Gurung - Managing Director, B.E. Civil, 14 years of road and building construction experience.
- Er. Kiran Demo Adhikari - Project Manager, M.Sc. Construction Management, Nepal Engineering Council registered, 11 years.
- Er. Anita Demo Pariyar - Site Engineer, B.E. Civil, 6 years, specialises in drainage and slope protection.
- Two Sub-Engineers (Diploma in Civil Engineering), 5 and 8 years of site experience.
- One Quantity Surveyor and one Accountant; 35 to 60 skilled and unskilled workers depending on season.

6. Equipment owned

- 2 hydraulic excavators (JCB-class backhoe loaders)
- 1 vibratory roller, 10 tonne
- 3 tipper trucks, 10 cubic metre
- 1 water tanker, 2 concrete mixers, 2 plate compactors
- Survey equipment: 1 total station, 2 auto levels

7. Quality, safety and environment

Every site keeps a daily work diary, material test records (aggregate gradation, cube tests for concrete) and a measurement book checked by the client's engineer. Workers receive personal protective equipment and a toolbox safety talk each week. We follow the client's environmental management plan, manage spoil disposal away from streams, and restore borrow pits after use.

8. Approach to rural road projects

We start with a joint site survey with the ward office, confirm alignment and drainage outlets, and schedule earthwork outside the monsoon. Drains and culverts are built before gravelling so the road base stays dry. Local labour is hired through the ward wherever possible, and progress is reported to the municipality every two weeks with photographs and measurement sheets.
